

**Progressive Digital Media Group plc ("Progressive" or "the Group")  
New Banking Facilities**

Progressive is pleased to announce that it has negotiated new banking facilities with The Royal Bank of Scotland ("RBS"). A new 5 year facility replaces the Group's current arrangements which were due to expire in September 2015. The new £30million multi-currency facility includes a £10million term loan and a £20million revolving credit facility.

The new banking arrangements provide sufficient liquidity for both general working capital requirements and where appropriate, the financing of further acquisitions.
